

New York
MARCH 6-9, 2024
ANNUAL CONFERENCE

We're Pleased to Announce Our Service Charette

We are thrilled to invite you to the **NYC Service Charette** for IDEC's Annual 2024 Conference, a unique opportunity to actively contribute to the future of K-12 Interior Design Education. Here's your chance to engage in strategic visioning and collaboration with professionals, community members, and educators.

Background: During the fall of 2023, the K-12 Interior Design Education Task Force dedicated themselves to brainstorming ideas aimed at educating the K-12 community about the interior design profession. Their efforts resulted in a list of actionable items with assessment metrics, that were presented to the IDEC board. To further amplify the impact of this valuable information, we're organizing a half-day design charette to delve into strategic visioning around these actionable items.

Who Should Attend? We welcome professionals, community members, and educators interested in service-learning, community engagement, and hands-on active learning. Whether you're an experienced designer or new to working with the K-12 community, your perspective is invaluable.

What to Expect:

- Collaborate with IDEC members, community partners, and local professionals.
- Engage in a design charrette focused on ideas for educating the K-12 community.
- Bring your favorite tools (some provided), wear comfy shoes, and unleash your creative juices.
- Work collaboratively before presenting your ideas at the conclusion of the charrette.

Additional Information: A detailed packet of information will be emailed to registrants in advance of the conference. For last-minute participants, the packet will also be available at the conference.

Don't miss this chance to make a meaningful impact and contribute to the future of K-12 Interior Design Education. RSVP now and be part of a collaborative effort that brings additional synergy to the work of the Task Force.

We look forward to your participation!
